PERSONALS

Miss Clara Riley is visiting in Hopper this week.

J. A. Whitaker, of Pineville, was here on business Friday.

Don't forget that we do all kinds of job work, and that we want to do your work.

Watch Your Children

Often children do not let parents know they are constipated. They fear something distasteful. They will like **Rexall Orderlies**—a mild laxative that tastes like sugar. Sold only by us, 10 cents.

Herndon Drug Co., Inc.

Mr. and Mrs. Sawyer A. Smith were in Cincinnati the latter part of the week.

J. S. Riley of this place was called to Hopper, last Thursday evening to see his mother who is very ill.

Miss Sarah A. Riley was called from her school at Tinsley the first of the week to Hopper, to see her grand-mother.

Mrs. Wm. Smith, of Latheaster, who has been visiting friends here for the past week returned home Thursday.

Miss Myrtle Cole was in Louisville, last week with her father, who was attending the Grand Lodge of Masons.

R. W. Cole was appointed to one of the important Committees in the Grand Lodge of Masons Wednesday.

Mrs. Oleo Cole of Bailey's Switch, will leave for Kokomo, Ind. next week where she will join her husband where they will make their home.

Tom J. Slusher, of Flat Lick, was in town last Friday; he reads the Advocate, and it goes without saying that he knows a good newspaper when he sees it.

Mesdames S. T. Steele, Mary Henson, W. H. McDonald and Miss Flora Smith were in Knoxville shopping last week.

Anyone wishing to purchase a good all-round horse, with buggy and harness at a bargain. Call on J. H. McDonald at the office The Mountain Advocate.

There will be a series of meeting begin at Pleasant Ridge next Sunday, everybody is invited to attend this meeting and feel free to take part in these services.

The Odd Fellows have sold the lot on the corner to C. B. Parrott and he will soon erect a fine building upon this lot.

M. Cannon was in Wallsend Tuesday to accompany his son-in-law, Delbert Broughton, to this city. It will be remembered that Mr. Broughton was seriously injured in a wreck in the mines at Wallsend some weeks ago, and his recovery has not progressed as his friends had hoped for and it may yet require an operation to complete his cure.

It took 17 days to try the case of the Commonwealth against the Bailey boys for the murder of the White boys, wonder what Judge Sampson would have done with a case like that one? He has never been longer than three days trying the worst case ever brought to the attention of the Knox Circuit Court. It has been said that Messrs. Smith and Robison made the finest defense in this case that has ever been heard in this part of the State.

Rexall Dyspepsia Tablets

will relieve your indigestion. Many people in this town have used them and we have yet to hear of a case where they have failed. We know the formula. Sold only by us—25c a box.

A Defender of Election Crooks

"Not a reputable lawyer in the State of Indiana would defend the Terre Haute election gang and the crooked politicians, dividers and vicious element of that rotten Indiana town had to come to Kentucky to find a lawyer who would take the case."—H. V. McChesney at Owensboro.

Sherlock Holmes

Sherlock Holmes was not a real character, but a creation of Conan Doyle's fancy; although, of course, the novelist's creation has had actual prototypes enough in this "wicked world of ours."

DOUBT ENDS WHEN SHE TRIES TANLAC

Mrs. Emma Henle Says Relief Was an Agreeable Surprise to Her.

Louisville, Ky., Oct. 21.—Mrs. Emma Henle, of 1549 Kentucky street, Louisville, declared recently that she had little faith in Tanlac when she began taking it, but that after a few doses she noted a remarkable change in her condition.

"I had suffered for years with kidney trouble and rheumatism," she said recently. "At times the pain was so bad I could hardly stand it. I had no appetite and lost a great deal of sleep. My friends became alarmed about me. My nerves were in a dreadful shape and I had no strength."

"I decided to try Tanlac because I had heard so many people say it had helped them. I am frank to say I didn't expect it would do me much good, but in that I was agreeable surprised. I had been taking it a very short time when my appetite came back. I sleep as peacefully now as a baby, and have gained strength and weight. I really feel like a different person, and I have Tanlac to thank for it."

Tanlac, the premier preparation, is of proved value in cases of kidney and liver trouble, poor circulation, rheumatism, catarrh, and kindred ailments. It is being sold now in Barbourville at The Herndon Drug Company's drug store.

One of the best evidences of a Republican victory this fall is, that the Democrats are scared lifeless, and are trying to combat every accusation made by the Republicans, but they fail in the matter of clearing away the Hamlet expenditures and Mr. Stanley at one of his speaking, take a great deal of time arranging Governor Wilson, for charging the State with a 25 cent telegram and these same fellows have scopped the universe to find that the day that this 25 cent was charged that Governor Wilson was not in Frankfort, and at the same time they themselves have him in two or three different places in the State on the same day. Well if Governor Wilson can be at so many places at the same time, he ought to be Governor again, and Mr. Stanley at the same time and place tried in vain to stir his audience with the old worn out Gobel trouble, he referred to Governor Wilson as a mighty bad man because he had Pardoned Caleb Powers, and then helped to send him to Congress, he lost sight of the issues at hand, he did not try to explain why the Democratic party ought to be kept in control of the States business. The sign is right, the times are right and if we keep up the fight we will win by an overwhelming majority.

Why Editors Are Rich

A child is born in the neighborhood; the attending physician gets \$10. The editor gives the loud-mouth youngster and happy parents a send-off and gets \$10. When it is christened the clergyman gets \$10, and the editor gets \$100.

It grows up and marries. The editor publishes another long-winded article and tells a dozen lies about the "beautiful and accomplished bride." The clergyman gets \$10, and a piece of cake and the editor gets \$1000.

In course of time it dies. The doctor gets from \$25 to \$100, and the undertaker gets from \$70 to \$200, the editor publishes a notice of its death and an obituary two columns long, lodge and society resolutions, a lot of poetry and a free card of thanks, and gets \$1000.

No wonder so many editors get rich.—Exchange.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Stanley Against The County Unit

(Central Methodist-Advocate.)

When we were working to rid the twenty-odd counties of this State last year of whisky thru the county unit law Stanley's influence was thrown against us. During that hot campaign where did he ever raise his voice for our side? Name the time and place. He had a chance to show that he was for the county unit law, but he is not really for it. Take his whole political career if you please and find where he has ever been on our side. You can look up his records though in his own county and in Kentucky and at Washington and you will have no trouble in seeing he has been with the liquor people. Think of his rushing back to Washington to get to speak against the Webb-Kenyon bill that has done so much good for this country to keep whisky out of dry territory. He said the bill was unconstitutional but no court in the land has said such a thing. How he wished it would have been unconstitutional! How can a conscientious temperance man vote for a man like that? We should not have any trouble in deciding whom to vote for in a crisis like this with men whose platforms are clearly defined.

Loss of Water With Age

The slow but sure loss of water with age has been noted in the tissues of rats and other animals. There is more water in the bodies of young animals than in adults, and the quantity of nitrogen and phosphorus they contain also diminishes with age.
